### AT-A-GLANCE

**Name of Business:** Children's Primary Dental Group

**President and Founder:**

Dr. Safoura Massoumi, DDS

**Year of Establishment:** 1996

**Mission Statement:** Children's Primary Dental Group strives to provide the best possible care for their young patients, with the latest technology and low-stress environment.

For over twenty years, Children's Primary Dental group has been one of San Diego County's largest service providers for pediatric dentistry. We always welcome residency-trained pediatric dentists to join our team. All Children's Primary Dental Offices are supported by Massoumi Dental Corporation (MDC), a dental support organization that offers full-service business support. This allows dentists to concentrate on clinical excellence and providing the highest levels of cost-effective comprehensive patient care. The MDC support services partnership offers pediatric dentists a clear path to success through complete clinical autonomy, a healthy work/life balance, and the opportunity for independent ownership.

Practice often comes down to the relationship between patients, staff, and professionals. Children's Primary Dental Group is very proud that its staff, from the clinical side to the front office, is more like an extended family and many day-to-day staff members have been with the company for over a decade. Children's Primary Dental is proud to provide employment to over 50 employees full-time and part-time, with a group of dentists whose combined knowledge in pediatric dentistry is second to none in San Diego County.
